e. Our contractor Moran, Stahl and Boyer completed its study on improving the Agency's domestic relocation process and recommends providing a centralized, full-service domestic relocation facility for employees, utilizing a professional relocation firm to integrate all aspects of a centralized facility, and maintaining Agency control of all domestic relocations. The Office of Personnel is now taking action to implement an Agencywide domestic relocation program. We expect to receive Supplement 2 of the Federal Travel Regulations on 24 August. This supplement promulgates the long awaited Government Services Administration implementation policy and regulations for domestic relocation services provided in the Warner-Wolf Legislation.
